State Tax Table Changes to Affect Retiree Withholding Amounts Boise, Idaho – July 11, 2016

Attention PERSI Benefit Recipients:

If you elect to have Idaho State taxes withheld from your monthly benefit amount, you may experience a slight change in your net payments starting August 1, 2016. The Idaho State Tax Commission has updated its tax withholding tables and has asked PERSI to begin using the new tables as soon as possible. Only benefit recipients who elect to have taxes withheld based on the selected number of exemptions will be affected, and those benefit recipients will receive a letter in the mail, detailing the change.
