Amended Agenda: Chairman Olson stated that an additional executive session, pursuant to Idaho Code § 74-206 (1) (a), was added to the end of the agenda and the Board would need a motion to adopt the amended agenda. Trustee Cilek made a motion to amend the agenda. Trustee Fisher seconded the motion, which passed unanimously.
Approval of the Minutes: Trustee Gould made a motion to approve the minutes of the August 12, 2016 and August 16, 2016 meetings. Trustee Sullivan seconded the motion, which passed unanimously.

PORTFOLIO
Monthly Investment Report: The string of record highs the capital markets reached during the late summer (after the unexpected Brexit vote) at least temporarily came to an end over concern that central banks have ended the easing momentum and that monetary support has bottomed for the time being. Increasingly hawkish statements from a number of Fed governors, ECB reluctance to take additional easing steps, and uncertainty from Japan all caused the markets to retreat from record highs reached in the first week of September.

As a result the fund as a whole hit new all-time return highs during the month before retreating to a monthly return to date of -1.2%, a fiscal year to date return of +2.0%, and a calendar year to date return of +6.1% with assets at $15.106 billion (after reaching an the all-time asset high of $15.462 billion on September 7th). U.S. equities are down -1.4% for the month and are +2.8% for the new fiscal year, developed markets are down -1.2% and are +3.9% for the fiscal year, emerging markets are the best performing asset with month returns of -0.8% and +6.9% for the fiscal year, bonds are down -0.6% for the month and are down -0.1% for the fiscal year, and TIPS are down -0.7% and are down -0.3% for the fiscal year to date. REITs have collapsed -4.0% for the month and are down -3.2% for the fiscal year, behind private real estate which is up +2.2% for the new fiscal year. Private equity is up +1.0%.

Capital market and economic prospects remain tepid. Commodity prices are fluctuating at moderate or low levels (oil wanders in the $40s), US economic news continues to come in with stumbling slow growth (with weak manufacturing) and a strong labor market. The Fed appears to be preparing for possible interest rate hike in September or December. On the other hand, corporate earnings remain soft, Asia (both China and Japan) still seem to be seeking a bottom, and the remainder of the world still battles reduced trade and debt worries.

The fund is slightly behind the (US dominated) 55% US equity, 15% EAFE, and 30% US Bond reference benchmark by -0.1%, due primarily to real estate. Bernstein Emerging and Peregrine have the best return at +8.0% while Peregrine has the best relative performance at +4.4% above their large cap growth benchmark. With returns of +3.0% Donald Smith has the worst relative performance at -3.6% behind their small cap benchmark.

EXECUTIVE DIRECTOR
Preliminary Fund Actuarial Valuations – Milliman: Jeff Bradley, Robert Schmidt, and Mark Olleman of Milliman presented the preliminary actuarial valuation for the PERSI fund, the Firefighters’ Retirement Fund (FRF), and the Judges Retirement Fund (JRF) as of July 1, 2016. The PERSI fund preliminary valuation shows that PERSI has 68,517 contributing active members (increase of 2.3% from 2015), 44,181 members receiving benefits (increase of 3.6% from 2015), 12,251 vested terminated members, and 19,611 non-vested terminated members, for a total of 144,560 total members. The actuarial accrued liability (UAAL) is approximately $16.1 billion and the approximate actuarial value of assets is $13.9 billion, making an approximate unfunded actuarial accrued liability of $2.2 billion, and resulting in a funding ratio of 86.3% and amortization period of 36.6 years. Milliman pointed out that the cost of a 1% Cost of Living Adjustment (COLA) for the current year has gone up to approximately $90 million which is about 0.65% as a percentage of assets.

Regarding the Firefighter’s Retirement Fund preliminary valuation, Milliman reported, as of July 1, 2016, a funded ratio of 123.3% stemming from the actuarial value of assets being $68.7 million higher than the actuarial accrued liability.
The Judge's Retirement Fund preliminary valuation, as reported by Milliman as of July 1, 2016, shows a funded ratio of 75.33% with an amortization period of 19 years.

Executive Director Status Update: Executive Director Don Drum updated the Board on the status of the fund and discussed contribution rates and a COLA. Director Drum stated that Milliman’s draft valuation estimates PERSI’s funded status for Fiscal Year 2016 to be 86.3%. The funded status dropped approximately 4% from the 2015 status of 93%. The primary reason for the drop in funded status is that investment returns were subpar for the fiscal year and PERSI had a .49% increase in normal costs related to assumption changes. Director Drum stated that PERSI anticipates the amortization period for the UAAL will be approximately 36.6 years. Idaho Code 59-1322(5) would require the Board take action in regards to contribution rates (i.e. the amortization period is above 25 years) which means if the final valuation in October is consistent with the preliminary valuation, the Board will need to propose contribution rate increases. At this point, Director Drum stated the anticipated total contribution rate increase (employer + employee) would need to be approximately 1% in order to drop the amortization period below 25 years. A decision would need to be made in October or December.

Director Drum commented that PERSI remains one of the healthiest pension funds in the nation. He stated that the current provisions in Idaho Code keep the fund healthy and past legislators and governors, current legislators and the current Governor, and this Board has had great foresight into maintaining a healthy fund.

Director Drum also updated the Board regarding the final results of his summer employer meetings. He stated that according to RSVP / Sign-in sheet, he met with representatives from 365 different employers.

New Employer – City of Idaho City: Executive Director Don Drum presented the staff recommendation that the Board approve the admittance of the City of Idaho City with an entry date of October 1, 2016. Trustee Fisher made a motion to accept the staff recommendation. Trustee Cilek seconded the motion, which passed unanimously.

New Employer – Deary Rural Fire District: Executive Director Don Drum presented the staff recommendation that the Board approve the admittance of the Deary Rural Fire District with an entry date of October 1, 2016. Trustee Fisher made a motion to accept the staff recommendation. Trustee Cilek seconded the motion, which passed unanimously.

Deputy Director Status Update: Deputy Director Michael Hampton updated the Board on the IRIS project. Mr. Hampton reported that IRIS went live on September 6th, 2016. Staff is acclimating to the new system and becoming more confident every day. Support from Tegrit, IT and in house experts has been outstanding and timely. The new Member Portal went live on September 12th, 2016. This change has affected the entire PERSI membership and change is disconcerting. At this time the answer center is spending a majority of its time helping membership with Member Portal questions.

FISCAL UPDATE
Fiscal Update / Expense Reports: Financial Executive Officer Alex Simpson updated the Board on PERSI’s year-to-date expense reports for the Administrative and Portfolio funds.

EXECUTIVE SESSION
At 10:10 a.m. Chairman Olson stated the Board intended to move to Executive Session in accordance with Idaho Code 74-206(1) (b) & (f), to consider the evaluation of the Chief Investment
