

PERSI CHOICE 401(k) PLAN FEE CHANGES

Simplicity, transparency, and minimal cost to participants remain top priorities for the PERSI Choice 401(k) Plan.

With those priorities in mind, the PERSI Retirement Board has restructured the administrative/record keeping fees and negotiated favorable investment management fee reductions. The investment fee reductions took effect in August 2022, and the administrative/record keeping fee structure changes went into effect February 1, 2023.

This is important because saving and investing in your Choice Plan account may provide lower fees compared to saving on your own. Large retirement plans like the PERSI Choice 401(k) Plan can often negotiate lower fees and capitalize on economies of scale due to the greater number of individuals participating. It's like buying in bulk from warehouse stores, which usually costs less.
