ONE PERCENT (1%) COST-OF-LIVING ADJUSTMENT (COLA) FOR RETIREES – SUSTAINING THE FUND AND COLA – DECEMBER 16, 2022

The PERSI Retirement Board has completed a comprehensive outline concerning funding guidelines for the PERSI Plan. The Board's primary priority is to protect the fund, long-term sustainability, and adhere to Idaho Statute. While the fund remains sustainable, the Board must consistently take steps to maintain long-term sustainability.

PERSI has received questions and concerns regarding the recent announcement of a legislatively mandated one percent (1%) COLA that becomes effective March 1, 2023.

Executive Director, Don Drum, has been working with PERSI's actuaries and will present their findings concerning COLA in a webinar. He will also address the questions and concerns PERSI has received. The webinar will be posted to PERSI's website for viewing in early January.
